Line Hardware

Saint Louis, Missouri

Line Hardware is a WBENC Certified Woman-Owned Business that has been serving the line construction industry with custom-designed products since 1970. We meticulously source the highest-grade ductile iron, hot-rolled steel, bronze, copper and aluminum alloy to guarantee our products meet rigorous standards for strength, electrical conductivity and machinability.

As a stocking manufacturer, we prioritize the swift availability of our high-quality products. Over a third of our inventory is proudly manufactured at our facility in St. Louis, Missouri, highlighting our commitment to stringent quality control and meeting domestic production requirements.

What Sets Line Hardware Apart:

- **Quality Assurance:** Rigorous quality control ensures our hardware meets the highest standards.
- **Customer Focus:** We understand the importance of time in your projects and offer quick turnaround on orders, quotes, and responses with regular status updates, ensuring a seamless experience from inquiry to delivery.
- **Stocking Manufacturer:** Our extensive inventory allows for immediate access to a wide range of products, providing convenience and flexibility for your project needs.
- **Customization:** Tailored solutions to meet the unique requirements of every customer.

From our commitment to quality assurance and quick turnaround, to our family-rooted values, see why customers across the nation choose us for their Line Hardware needs.
